

*A picture of me and my cat, Melo-kyu, from a few years back when I was just starting out—taken by a friend who I thought was asleep. I might look quiet and lonely, but there's a battle going on inside my head. Some things never change.*

**—Yoshiyuki Nishi**

Yoshiyuki Nishi was born in Tokyo. Two of his favorite manga series are *Dragon Ball* and the robot-cat comedy *Doraemon*. His latest series, *Mahyo & Roji's Bureau of Supernatural Investigation*, debuted in Japan's *Akamoru* Jump magazine in 2004 and went on to be serialized in *Weekly Shonen Jump*.

# Dramatis Personae

Jiro Kujiro (Koji)

Assistant at Muhyo's office, recently promoted from the lowest rank of "Second Clerk" to that of (provisional) "First Clerk." Koji has a gentle heart and has been known to freak out in the presence of spirits. Lately, he has been devoting himself to the study of magic law so that he can pull his own weight someday.

Toru Muhyo (Muhyo)

Young, genius magic law practitioner with the highest rank of "Executor." Always calm and collected (though sometimes considered cold). Muhyo possesses a strong sense of justice and even has a hard side. Sleeps a lot to recover from the exhaustion caused by his practice.

Yu Abiko (Biko)

Muhyo's classmate and an Artificer. Makes seals, pens, magic law books, and other accoutrements of magic law.

Yoichi Himukai (Yoichi)

Judge and Muhyo's former classmate. Expert practitioner of all magic law except execution.

Rio Kurotori (Rio)

Charismatic Artificer who turned traitor when the Magic Law Association stood by and let her mother die.

Sorabugu Madoka (Enchu)

Muhyo's former classmate and Executor-hopeful until one event turned him onto the traitor's path.

Seiken Frost

Brave judge who joined Madoya and gang during the fight against Four-Fingered Topknot.

Yotcha

Subtle-but-magic law practitioner who made himself an enemy to obtain eternal life. Side partner of Yotcha's school, Ichi.

Page Kikori

A half-horseman for the Magic Law Association. Works as a cook and Madoya architect for the association.

Seven-Fingered Dog

An ally with the ability to change shape. Specialist in surrounding spiritual entities.

Umekichi Sasagawa

First-class and Sasagawa's apprentice. In his true enemy form he is called Myrhuo. "Umekichi" is his human form alias.

Harumi Sasagawa

Lawyer and one of the only practitioners in the world capable of "remote magic law."

## The Story

Magic law is a newly established practice for judging and punishing the increasing crimes committed by spirits; those who use it are called "practitioners."

Page and Yotcha contact Ichi to find a way to defeat Yotcha and end up fighting for their very lives. They prevail, but now another battle rages in the Welling Vale where Umekichi and Seven-Fingered Dog are up against Mack. The Ark assassin proves to be a formidable foe, easily returning anything Umekichi throws at him. Brute force won't work, so the gang attempts strategy. Has Ichi found a way past Mack's defenses?

John P. Ward Mathews

Now seeking work, concerned for their rewards in magic law.

Mack

Member of the sublethal magic law group known as Ichi. A fearless man who would do whatever it takes to win.

Yotcha

Longtime ally, trained as a master under Magic Law Association for 100 years.

## ARE YOU A VICTIM OF UNWANTED SPIRIT POSSESSION?

Is there a ghost you need sent up and  
away...or down to burn for all eternity?  
If the answer is yes, then you need Muhyo  
and Roji, experts in magic law. Serving  
justice to evil spirits is their specialty.

With the defeat of Mado, things are  
starting to look up for Muhyo and  
Roji. But when more trouble comes  
knocking in the form of Teeki, will  
they be able to save themselves, much  
less their friend Mado?
